Website: - www.blockstone.co.uk

Dear Haulier and Drivers,

Both Realstone and Block Stone would appreciate your full co-operation regarding deliveries and collections at our Wingerworth yard. Sat navigation system may direct you via car routes, which are unsuitable for HGV's. Please ensure that all drivers are aware which designated local route they are required to use when approaching our yard. Thank you.

Re. deliveries please note: (please make sure your load is correctly distributed since we are located off a steep hill approach and this could lead to your vehicle losing traction).

Direction to Block Stone / Realstone of M1

Take junction 29 of the M1 (north or south bound)

Slip road goes to roundabout take A 617 Chesterfield

At end of dual carriageway turn left - A 61 towards Clay Cross / Derby

Continue to roundabout turn right towards Wingerworth (ignoring any previous Wingerworth signs)

* The 7.5 ton weight limit is for ahead and beyond your destination

After 1 mile turn left opposite Smithy Pond Pub, signed Ashover / Bolehill onto Birkin Lane

¼ mile – turn left after Wingerworth Garden Centre

Turn left again at brow of hill by the Farm and at the Realstone / Block Stone sign

*** The 7.5 ton weight limit is for ahead and beyond your destination

About ¼ mile up hill via a single track road and into woods turn left into yard.

Please be aware that the trees can obstruct the view of our yard entrance.

If you approach from Clay Cross stay on A 61 towards Chesterfield, turning left at the Wingerworth roundabout. Please follow directions as above, starting from *

If you approach via A6 from Matlock pick up signs for A632, go through Kelstege and turn right onto Birkin Lane at the crossroads with Birkin Lane and Alicehead Road. Stay on Birkin Lane past Ashover and turn right at brow of hill by the Farm and at the Realstone / Block Stone sign and follow directions as above, starting from ***

**Please note that whilst you are on site you are required to wear
high visibility vest and steel toe cap boots.**

May we take this opportunity and bring to your attention complaints regarding driver's current use of unsuitable roads i.e. single track and parking and staying overnight on roads, which clearly state no H.G.V access. This practise has got to cease. Therefore we would like to clarify the procedure for any vehicles wishing to overnight near our yard. Vehicles are able to overnight at our premises with prior agreement from either Tina @ Block Stone 01246 554450 or Ian @ Realstone 01246 270244 or alternatively at the nearest truck stop, which is located off junction 29 of the M1 motorway.

We thank you for your attention and hope that you can implement the above, which will ensure a peaceful coexistence between industry and local community.

Your Block Stone and Realstone Team
